Worship of the Father — His Predestination

1. I was cho - sen by God long be - fore The four - da - tions of earth He did
form. It was by God's foreknowl - edge so vast That one day He would call me at
last. **Chorus** (C) I am cho - sen by God, And al - though I may feel that I'm
flawed, It's His mer - cy I see, That by God's grace He ev - er chose me.

2. He chose me for the purpose He planned,
To express Him, that's why He made man,
And to represent God as a king,
One day ruling with Him o'er all things.

3. Although chosen by God we have been,
We can still have the struggles within.
For the troubles without cause us pain,
Yet through "all things" our God we will gain.

4. Just like Jacob of old we can be
One to bless others thus, Lord, with Thee.
Then we'll worship our God just like him
For His shepherding work done within.
