

O Word of God

Study of the Word — The Function of the Word

1. O Spir - it in the word, The Tri - une God ex - pressed.
 The rich - est Christ trans-fused, Re - ceive by Spir - it's breath.
Chorus So let's in-hale Him... (C) O Word of God! My spir - it breathes,
 Your Spir - it and life Sup - ply me for - ev - er, And
 make me a God - man com - plete.

2. The scripture God has breathed,
 So I must breathe it in.
 Unveiling thus received,
 Convicting me within.
 Such revelation...

3. The veils fall from my eyes,
 Myself I see, abhor.
 Exposed I just confess,
 I'm crooked, wrong, and short.
 The blood is washing...

4. Corrected, I'm restored,
 And made upright again.
 The revelation yields
 Sweet fruits of righteousness.
 I love His shining...

5. Instructed in the light,
 From Christ's enlight'ning word,
 Rebuilding over time,
 My heart by life restored.
 He's making home there...

6. O living Spirit-sword,
 Apply Yourself to me.
 Pierce through, even divide,
 My soul and spirit freed.
 So I can live You...

7. So take the word by prayer,
 The Spirit to apply,
 The foes and germs are slain
 With flesh and self thereby.
 To walk in newness...

8. So nourish me today,
 My Breath and living Bread.
 Come live through me I pray,
 And soon come back again!
 Yes, come Lord Jesus!
